Dearest Brothers and Sisters in the Lord !

Greetings once again in the name of our Lord Jesus Christ

Our Nation has just celebrated its 60 year of independence. Anniversaries reflect a mile stone in the history of any institutions. It commentates of what the institution stood for when it was founded or what it had achieved during the course of its existence. At Evangelical Alliance we never thought of any celebration .It might seem quire to you but we have reasons for that.... Because the task we are doing would always remain un complete until Jesus comes.

Nevertheless, we look forward to a grand celebration one day when our task would be accomplished we will celebrate it with a grandeurs in the presence of our King Jesus Christ. What a celebration it would be Rev: 19: That is our hopes which compel us to be always out there; to strive to complete our God given mission.
